CLUB  
EXPERIENCE

Robotics President | Aug 2022 – Present

- Grew team from 7 to nearly 100 members, building structures for training, strategy, scouting, and technical development.
- Led robot design and match strategy, contributing to BEST State 3rd Place and FRC Rookie All-Star to World Championship qualification.
- Managed large-scale outreach, district events, and fundraising operations to sustain the program in a resource-limited environment.

Rocketry Vice President | Sep 2022 – Present

- Co-founded rocketry team and led development of sensor systems, control code, and flight-data collection pipelines.
- Created custom data markers to analyze launch performance and optimize altitude/time targets across iterative tests.
- Guided the team to an approx. 120th national ranking while establishing engineering and safety procedures for a new program.

Debate Club | Dec 2023 – Present

- Built foundational research systems, case files, and drills for a new debate program with limited institutional support.
- Reached Policy Debate UIL State octofinals twice and earned UIL Informative Extemp State Champion and prior State Finalist honors.
- Mentored new competitors in research methods, analysis, and speech structure to strengthen program continuity.
- Competed and won the organization’s highest ranking and most decorated debater

Mu Alpha Theta Founder/President | Oct 2024 – Present

- Oversaw recruitment, meetings, and events to promote mathematical excellence.
- Coordinated local and regional math competition preparation, as well as peer tutoring sessions to support students
- Developed leadership roles, secured funding, and fostered community involvement through outreach initiatives and partnerships.

National Honor Society Vice President | May 2025 – Present

- Planned and facilitated summer officer meetings to align goals, delegate responsibilities, and prepare for the upcoming academic year.
- Led brainstorming and development of community outreach initiatives, laying the groundwork for future NHS service projects.
- Helped establish Math and Presentation Centers after district funding cuts, strengthening schoolwide academic support.

Texas Boys State | June 2025 | American Legion

- Elected as a Senator and selected to chair the AI/Technology Committee in a week-long government simulation.
- Drafted, debated, and amended legislation, building coalitions across delegations to advance policy proposals.
- Gained insight into parliamentary procedure, negotiation dynamics, and the legislative process.
